

Topic web

Maths

The Power Maths units we will be working on this term are:

Multiplication and division

Fractions

Reading

The weekly Echo Reads will focus on a Year 5 recommended text.

We will also be focusing on comprehension skills in more depth and completing comprehension questions

Writing

Narrative based on Gorilla by Anthony Brown

Non-fiction non-chronological report about the Emperor Penguins

Geography/History

The First World War

The children will be exploring where and why the war started and what life was like during the war. We will look at the timeline of events that happened throughout the war.

Music

We are really excited to be able to work with NMPAT, our local music service, this term. They will be coming in to school to teach us all about Samba. All children will have the opportunity to play the drums.

Science

Forces

This topic will explore different types of forces such as gravity, water & air resistance, friction, pulleys, levers and gears. The children will get to carry out investigations, making predictions and considering what makes a fair test.

ICT

We are investigating different types of video and filming techniques. The children will explore how they can make their short animations using what they have learnt.

PE

The Sports coaches will be teaching Orienteering.

Mrs Crosby & Mr Stockwell will be teaching Fitness.

Art/DT

We will be learning about pop art and the work of Andy Warhol. The children will produce their own print based upon the style of our featured artist.
